Students from Kindergarten to Year 6 at Gosford Primary School are hard at work and enjoying the experiences of creating art works for their exciting art show ‘Artastic’ exhibition.

The children have had the amazing opportunity to work with some very talented local artists. They were guided and mentored and now their masterpieces are complete and they are ready to show the world.

Class artwork as well as the artwork completed by students who participate in this program will be displayed in an art exhibition to be held on Saturday 14th September. Artists involved as mentors in this program will also be exhibiting their work for sale.

Other professional or amateur artists are also invited to exhibit their work for sale in this exhibition.

For further information or to register to be involved please contact Janine Szostak at Gosford Public School on 43251192 or via email: Janine.szostak1@det.nsw.edu.au

Gosford Public School will be holding their annual event on Saturday, 14 September 2013. As a program, ‘Artastic’ has many benefits. ‘Artastic’ has enabled teachers and artists from the school community to work collaboratively to assist students to attain a level of personal best in the visual arts. Be prepared to be amazed.

‘Artastic’ provides an opportunity to showcase the creative talents of the students using a wide range of media. Each student is represented and respected as an individual artist.

Gosford Public School promises to deliver a feast for the eyes, a dynamic student art exhibition that will long be remembered. Come and support Gosford Public School, you will meet some very young artists, have the opportunity to buy and view local artists work.

Our exhibition would not be complete without the colour, atmosphere, excitement and great value of our quality craft markets. This is an exciting addition to our program and involves local people selling their handcrafted products at stalls in the school grounds during the exhibition.

Come, shop at the most amazing market stalls, and of course have lots of fun. There will be jumping castles, Dora and musical entertainment from the school band and local musicians.

Applications are now open in all categories for interested stallholders. Please send an email to saltwatermarket@hotmail.com to request an application a package. Saltwater Markets can also be found on Facebook. https://www.facebook.com/refreshingexperience

Look forward to seeing everyone there,

Janine Szostak- Stage 2 Assistant Principal
